Style, space and location an unbeatable combination

Situated in leafy Cromwell Road, this home is the perfect fit for a buyer in search of position, space and convenience. With elegant styling and luxurious finishes, it provides a high standard of accommodation and larger-than average living space.

Coast into your double remote garage through a secure gate and as you enter through the front door you will be struck by a sense of luxury thanks to the imposing marble tiles. An attractive wooden staircase leads up to the first floor, which is home to a vast living and dining room that spills on to a sunny terrace. This decked area is perfect for outdoor entertaining, where you and your guests can enjoy tasty meals prepared in the well-equipped kitchen with its stone bench tops and euro appliances. A separate room is ideal for use as a study, recreation room or fourth bedroom, and a powder room completes the first
