Perched between the bustling inner-north suburbs of Moonee Ponds, Parkville, Coburg and Brunswick, Brunswick West has always been a relatively quiet residential haven.

Located only 6km north from Melbourne's central business district this 1yr old boutique Brunswick West Townhouse is eye-catching in style and desirability.

The entrance leads into a formal living room ideal for parental peace or a private home office.

The carpeted double bedrooms, each with their own private ensuite and built in robes, are located on the next level.
