If you're after the very best, then look no further. This architecturally designed town house is exceptional.

The location is not only close to all amenities, but it is located at the back of the block, ensuring privacy and peaceful living.

You'll be delighted by the upstairs light filled spacious living area and a kitchen designed for a master chef - Stainless steel European appliances, dishwasher, and of course, an abundance of storage and bench space.

The kitchen flows on to a large open plan dining and lounge areas extend to a large balcony, perfect for entertaining your guests after a busy day.
